Code of Conduct

For Suppliers and Business Partners

Code of Conduct

Introduction

At FIT Voltaira Group (Voltaira), we strive not only for excellence in mobility solutions, but we are also committed to achieving the highest standards of ethics, quality, health & safety, environment, sustainability, and stakeholder and customer satisfaction in every aspect of our business, in alignment with our core values, applicable laws, as well as the expectations of stakeholders and governing authorities.

The integrity of our organization relies on consistent performance and ethical conduct across all levels, locations, and relations. To attain this uniformity, we adhere to a set of commonly agreed-upon ethical standards that not only guide our actions and shape the culture within the company but also in our value chain. These ethical principles and our core values are encapsulated in our Code of Conduct.

The Code of Conduct further delineates the behavioral expectations we have as an organization. By adhering to the principles articulated in this Code, we not only meet the expectations and regulations imposed upon us but also create an environment where individuals and the enterprise can flourish and prosper.

Purpose of the Code of Conduct:

- To articulate and establish the ethical principles and behavioral expectations for our business partners that guide our work.
- To serve as a resource in making ethical decisions.
- To provide a framework for resolving ethical dilemmas and conflicts.

Scope of the Code of Conduct:

This Code applies to all business partners, suppliers and third parties who are in a contractual relationship with Voltaira, whether current or former, paid, or unpaid. The principles and requirements of our Code of Conduct is also an integral part of our contractual agreements with our business partners and suppliers in the value chain. Our business partners and suppliers are expected to integrate our **compliance, ethical, environmental, and social** principles, and requirements in their contents of the Code of Conduct and contractual agreements. Voltaira has right to update the Code of Conduct when necessary.

Our Global Values

Voltaira's global values are specific principles that are crucial to the company's culture and operational philosophy.

Trust

- **Building Trust in the Workplace:** We cultivate trust through integrity, honesty, reliability, and fairness. Trust is foundational in all our interactions and decisions.

4. Compliance and Legal Integrity

Voltaira strictly adheres to all applicable laws, regulations, and industry standards, ensuring legal compliance in our operations. Additionally, our policies are developed based on international conventions, guidelines, principles, and standards, adhering to the Ten Principles of the United Nations Global Compact and the OECD guidelines. All business partners and suppliers shall comply with all applicable laws, regulations, and standards.

Social Standards

5. Human Rights

Voltaira is committed to align with internationally recognized human rights and social standards. Voltaira values, respect and support the protection of dignity, freedom, and human rights of individuals. We promote a working environment where business partners are treated with dignity and respect. We prohibit all kinds of violence, racism, sexual harassment, and behavior violating human rights and expect our employees to engage in business activities promoting respect and dignity. This includes protecting local communities, indigenous peoples, and human rights defenders. We expect our business partners to respect and actively implement these principles. The United Nations Guiding Principles on Business and Human Rights provide the underpinning for this.

6. Child Labor

Voltaira prohibits the use of child labor, and our business partners must ensure compliance with legal age requirements, including the rights of students. ILO Conventions No. 138 on the Minimum Age for Employment and No. 182 on the Elimination of the Worst Forms of Child Labor shall be observed. If child labor is identified, remediation shall be provided.

7. Forced Labor

Our business partners and suppliers must not engage in any form of forced or involuntary labor, including but is not limited to human trafficking, torture, and slavery or compulsory labor of any kind. All work shall be voluntary, and all individuals should be free to leave, subject to reasonable notices.

8. Freedom of Association

Our business partners must respect workers' rights to join unions and engage in collective bargaining. The right to strike shall be granted within the framework of statutory provisions and in accordance with ILO Convention No. 98.

9. Equal Opportunities

Our business partners must commit to a workplace free of harassment and unlawful discrimination on race, color, sex, age, religion, political opinion, national extraction and social origin including hiring and employment practices such as wages, promotions, rewards, and access to training. ILO Discrimination (Employment and Occupation) Convention (No.111) shall be observed.

10. Fair Working Conditions

Voltaira requires business partners to enforce the right to fair labor conditions in accordance with applicable ILO conventions, treating employees with dignity and respect, providing fair compensation, complying with local regulations on working hours, breaks and vacation entitlements.

11. Occupational Health and Safety

Suppliers must prioritize the health and safety of workers and communities and ensure compliance with all applicable occupational health and safety laws. Manufacturers shall consider adopting and advancing an occupational health and safety (OHS) management system pursuant to ISO 45001 or an industry appropriate OHS management system and take suitable measures to achieve the objectives of an OHS management system and to prevent occupational accidents and illnesses. Gender-responsive measures must be taken, such as not having pregnant women and nursing mothers in working conditions, which could be hazardous to them or their child and to provide reasonable accommodations for nursing mothers.

Our business partners are prohibited from using private or public security forces that result in torture, inhumane or degrading treatment, bodily harm, or the violation of the freedom of association.

Environmental Standards

14. Environmental Protection

Voltaira is committed to reducing the environmental impact of our operations and we expect our suppliers to do the same. Our business partners must comply with all relevant environmental laws and regulations, manufacturers shall undertake to adopt and advance an environmental management system (EMS) pursuant to ISO 14001 or an environmental management system and/or take measures to achieve ISO 14001 objectives and reduce its environmental impacts in an appropriate manner.

15. Climate Protection and Energy Management

Climate protection is an integral part of our environmental strategy. As Voltaira, we are focused on energy optimization and GHG (greenhouse gas) emissions and product carbon footprint reduction in line with Group Net Zero Goals. We expect our business partners to calculate their direct and indirect emissions in line with globally recognized standards, align with our goals in the value chain and reduce their emissions through process modification, increasing energy efficiency, generating, or procuring energy from renewable sources or other measures. GHG emissions inventory shall be reviewed on an annual basis. Voltaira expects its suppliers and business partners to make efforts to minimize the energy consumption and GHG emissions of their products and services, striving for sustainable solutions, including the establishment of energy management systems such as ISO 50001 or an energy management system pursuant to ISO 50001, in their manufacturing sites.

16. Water Management

As Voltaira we promote responsible water consumption, preserve water resources by minimizing water withdrawal in scarce regions, without restricting access to potable water and sanitation. Our business partners shall implement programs to reduce their water footprint and prevent water pollution and contamination. Wastewater discharge must comply with local regulatory requirements.

17. Air and Soil Protection

Suppliers must comply with applicable statutory provisions and local authorities' requirements and expected to promote sustainable practices, control emissions, reduce pollution, and manage hazardous materials responsibly.

18. Materials and Waste Management

Material and waste management is one of material topics of our environmental policy. Our business partners and suppliers are expected to apply sustainable resource management practices. Materials shall be reduced, recycled, and reused before final disposal, in accordance with local regulatory requirements. Secondary materials shall be used in the products in line with Voltaira's quality and sustainability standards to reduce carbon footprint and promote circular economy.

19. Substances of Concern and Conflict Minerals

We are committed to responsible sourcing of materials and efficient resource management. Suppliers must adhere to all applicable laws, regulations, and customer requirements regarding the prohibition or restriction of specific substances in products and manufacturing, including labeling for recycling and disposal and perform due diligence to promote ethical sourcing practices in raw material supply chains. Business partners and supplier must report Voltaira immediately about the origin of the material in the supply chain up to the smelting works if their product contains one or more of conflict minerals or high-risk raw materials.

20. Stakeholder Engagement

- **Relations with Business Partners:** We build trust with our customers, business partners and customers by providing safe, reliable, and innovative products while ensuring privacy and data protection.
- **Supplier and Partner Relations:** We engage and work with suppliers and business partners who share our ethical values, promoting responsible business practices throughout our supply chain.

21. Ethical Marketing and Advertising

- **Honest Marketing Practices:** We commit to honest, fair, and responsible marketing and advertising practices, avoiding misleading information.
- **Consumer Rights and Safety:** We prioritize consumer rights and safety in all marketing and advertising activities.

22. Conflict of Interest Management

- **Identifying and Reporting Conflicts:** Business partners and suppliers are required to report any potential conflicts of interest, ensuring that personal interests do not conflict with the interests of Voltaira.
- **Avoidance of Conflicts:** We have clear guidelines to manage and mitigate conflicts of interest.

23. Protection of Company Assets and Intellectual Property

- **Proper Use of Assets:** Use of company assets, including intellectual property, shall be done responsibly and for legitimate business purposes only.
- **Confidentiality and Data Security:** Our business partners and suppliers shall ensure the confidentiality and security of sensitive information and proprietary data.

24. Anti-Corruption

Voltaira has zero tolerance for any form of corruption, bribery, illegal payments, and money laundering and committed its business and operations in an ethical manner. Business partners and suppliers must ensure compliance with anti-corruption laws and regulations applicable to the Company's operations, including but not limited to, the UK Bribery Act 2010 and the USA Foreign Corrupt Practices Act (FCPA).

25. Whistleblower Protection and Ethical Reporting

- **Reporting Mechanisms:** Business partners and suppliers are expected to establish secure and anonymous channels for reporting ethical concerns or violations and report them in line with regulatory requirements.
- **Protection Against Retaliation:** We protect whistleblowers from retaliation, ensuring their concerns are addressed fairly and promptly.

26. Training and Awareness

- **Continuous Ethical Development:** We encourage continuous learning and improvement in ethical practices, staying abreast of evolving ethical standards and challenges in our industry.
- **Ethics Training Programs:** We expect our business partners to conduct training programs their employees about Code of Conduct and their application in everyday business activities.

27. Verification

- Voltaira reserves the right to ensure that the expectations outlined in our Code of Conduct are consistently met and expects its suppliers and business partners to establish appropriate management systems to verify compliance with the requirements.

Conclusion

This Code of Conduct represents our unwavering commitment to ethical conduct. It serves as a guide for our business partners, and suppliers ensuring that Voltaira's values are reflected in all our actions and decisions.
